

# ROSAMUND FELSEN GALLERY

## TIM EBNER

April 26 - May 24, 2014

Grant Mudford

**Reception:** Saturday, April 26, 5-7 PM | **Gallery Hours:** Tuesday -Saturday, 10 AM - 5:30 PM

Continuing his investigation into form & materials, **Tim Ebner** once more transforms **Rosamund Felsen Gallery** into a lively illusion of aquatic life full of three dimensional upholstery fabric fish, painted burlap starfish, and welded steel stingrays swimming through the gallery rooms and along the walls.

Center stage sees new larger fabric fish propped up by welded steel bases. These new steel bases are composed of robust forms. They tightly pinch the eyelashed and lipsticked fabric fish, controlling & restricting them - creating dynamic tension in the interaction of their contrasting materials and creation processes. The rugged industrial steel bases are likened to drawing and the spontaneity in their creation & fluidity contrast starkly against the carefully planned, methodically sewn, beautifully patterned, sensuality of the graceful fish.
